About Acted

For the past 30 years, international NGO Acted has been going the last mile to save lives. Currently, Acted supports 20 million people across 43 countries to meet their needs in hard-to-reach areas - and pursues a triple mandate as a humanitarian, environmental and development aid actor. Acted relies on an in-depth knowledge of local territories and contexts to develop and implement relevant long-term actions, with a wide range of local and international partners, building together a "3ZERO" world: Zero Exclusion, Zero Carbon, Zero Poverty.

Position's context and key challenges

Acted has been programming in Libya since March 2011, initially focusing on responding to the humanitarian crisis in the wake of the conflict and on providing vital humanitarian assistance to displaced and vulnerable populations. During this period Acted utilized its assessment and mapping capabilities to help coordinate and provide information for the humanitarian response and reconstruction of the country.

In 2019, Acted in Libya implements a two-fold approach addressing humanitarian needs through life-saving assistance for the most vulnerable, while supporting the recovery and development of conflict affected communities.

Acted provides assistance through cash-based interventions and protection response – community and household level monitoring, referral system, and a helpline – to mitigate the impact of the protracted humanitarian crisis. Acted further works towards community stabilization by implementing Quick Impact Projects (QIPs) and infrastructure rehabilitation to strengthen social cohesion, improve service delivery and meet urgent infrastructure needs within the communities.

Acted also supports local actors, mainly civil society organizations, through capacity-building and financial support. In 2019, Acted has supported 45+ CSOs in playing an active role in emergency responses and development efforts in their communities.
