About ACTED

Since 1993, as an international non-governmental organization, ACTED has been committed to immediate humanitarian relief to support those in urgent need and protect people's dignity, while co-creating longer term opportunities for sustainable growth and fulfilling people's potential.

ACTED endeavours to respond to humanitarian crises and build resilience; promote inclusive and sustainable growth; co-construct effective governance and support the building of civil society worldwide by investing in people and their potential.

We go the last kilometer: ACTED's mission is to save lives and support people in meeting their needs in hard to reach areas. ACTED develops and implements programs that target the most vulnerable amongst populations that have suffered from conflict, natural disaster, or socio-economic hardship. ACTED's approach looks beyond the immediate emergency towards opportunities for longer term livelihoods reconstruction and sustainable development.

With a budget of 190 million EUR in 2015, ACTED is active in 35 countries and implements more than 495 projects a year reaching over 11 million beneficiaries with 400 international staff and 4,300 national staff.

Position context and key challenges

In Afghanistan, ACTED's strategy combines emergency aid and development programming aiming at providing holistic assistance and at addressing the various challenges faced by the country, with the overall goal of alleviating poverty and building resilience. For 25 years, ACTED has remained committed to supporting Afghans through diverse programming such as good governance, building the capacity of civil society, rural development, and emergency humanitarian response. ACTED continues to strengthen stock piling, contingency planning and preparedness, in order to provide timely assistance for those affected by natural or man-made disasters.

Providing emergency and recovery assistance for communities hit by conflict and natural disasters

Natural disasters affect approximately 250,000 Afghans each year. In addition, the past years have seen an influx in military operations and offensives led by armed opposition groups, resulting in the displacement of 197,000 individuals in 2015. ACTED responds to emergency needs by providing conflict and natural disasters-affected populations with emergency assistance in the forms of food and non-food items, vouchers or cash distribution. ACTED's interventions also aimed at supporting recovery, through participatory approaches to building back shelters and water infrastructure damaged by natural disasters, as well as disaster risk reduction through training.

Supporting the development of economic, education and livelihood opportunities for marginalized populations

To support marginalized groups such as farmers, youth, and women, ACTED works with cooperatives and farmers to enhance governance, production, access to agricultural inputs and training in order to support the development of sustainable livelihood opportunities in rural areas. Vocational training, literacy classes, and support to small business development are also provided to hundreds of women and youth, and Self Help Groups every year, providing over women with safe and supportive space to develop business activities. ACTED is supporting education through the construction of Youth Development Centers, and formal and informal education opportunities to approximately 14,000 girls.

Investing in governance and local civil society to improve service delivery and inclusive development

ACTED vision for development is of an inclusive, vibrant civil society, and accountable government. Focus in Afghanistan is placed on empowering youth and women, through providing training on human rights, promoting volunteerism, facilitating sports and cultural events and the creation of grass-root organizations such as youth councils, aligned with government strategies and development plans. ACTED is a major facilitating partner of the National Solidarity Program, the flagship program of Afghanistan, that supports governance at the village level, and has established and empowered close to 3,000 Community Development Councils across the country. ACTED also works closely with local civil society organizations, building their capacity and developing joint projects to reach vulnerable communities.
