### About ACTED

Since 1993, as an international non-governmental organization, ACTED has been committed to immediate humanitarian relief to support those in urgent need and protect people’s dignity, while co-creating longer term opportunities for sustainable growth and fulfilling people’s potential. ACTED endeavors to respond to humanitarian crises and build resilience; promote inclusive and sustainable growth; co-construct effective governance and support the building of civil society worldwide by investing in people and their potential. We go the last kilometer: ACTED’s mission is to save lives and support people in meeting their needs in hard to reach areas. ACTED develops and implements programs that target the most vulnerable amongst populations that have suffered from conflict, natural disaster, or socio-economic hardship. ACTED’s approach looks beyond the immediate emergency towards opportunities for longer term livelihoods reconstruction and sustainable development. With a budget of 190 million EUR in 2015, ACTED is active in 35 countries and implements more than 495 projects a year reaching over 11 million beneficiaries with 400 international staff and 4,300 national staff.

### Country Profile

- Number of projects: 11
- Number of areas: 4
- Number of national staff: 384
- Annual budget (EUR): €25,389,810
- Number of international staff: 19

### Position context and key challenges

ACTED has been present in Yemen since early 2012, and implements activities in the central-western and central-southern regions. The presence of ACTED in Yemen has been anchored to the governorates of North of Yemen, North of Yemen, Raymah and Ad-Dhalee where, in the last three areas especially, the organization has been virtually the only international actor directly implementing activities.

ACTED delivered assistance across nine governorates of Yemen over the course of 2019, with the majority of projects focusing on emergency response, such as distributions of food vouchers, cash, hygiene kits and winterisation kits. The food security situation in Yemen continues to be volatile and more households are increasingly relying on humanitarian assistance for their survival. ACTED’s work also focused on the rehabilitation and recovery of communities, with beneficiaries participating in cash-for-work activities and livelihoods trainings.

According to UNHCR, there are almost 2.4 million internally displaced people currently in Yemen, however, Camp Coordination and Camp Management (CCCM) is not looked upon favourably by the authorities. Nevertheless, through ACTED’s CCCM project in Aden and Al Dhale’e, the organisation has become the focal point for the CCCM cluster’s area coordination in Al Dhale’e, affirming ACTED’s knowledge and experience in the sector.

### Key roles and responsibilities

The Country Transparency and Compliance Officer contributes to (i) controlling, on a risk-based audit approach, the implementation of ACTED’s processes in compliance with ACTED’s guidelines, specific donor guidelines, best practices and national regulations in the relevant country; (ii) developing & actively contributing to action plans agreed with country coordination in order to mitigate the identified risks, and to cope with priorities, budget constraints and organizational context.
